

Signage

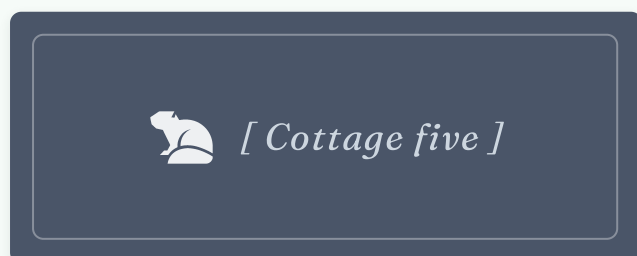

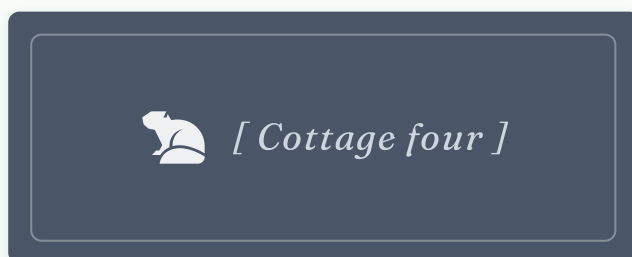

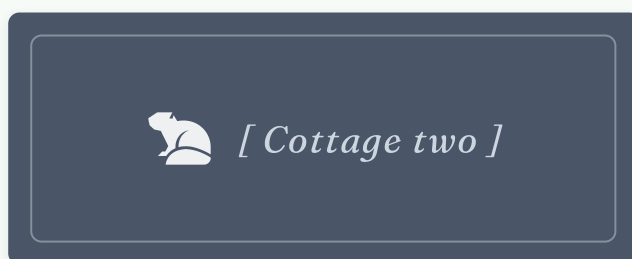

Artwork to hand to a sign-maker. The beaver mark and wordmark engraved with a cream fill read beautifully on dark oak or Welsh slate; the gorse keyline is optional gilt.

ENTRANCE / GATE SIGN

Suggested: engraved Welsh slate or oak, ~600 × 340 mm, cream-painted fill, optional gilt keyline. Mark + wordmark only; keep the field clear so it reads from the lane.

COTTAGE NAME PLATES (ONE PER COTTAGE)

Suggested: engraved slate, ~200 × 80 mm, by each door. Same beaver + cottage name in Fraunces.
